HANGING OUT A SIGN!

Doesn't make a butcher shop
Anybody can do that ! ! !

It takes a man who knows good market cattle when he
sees them, and another one who knows how to slaughter
right and one who knows how to cut meat. Good cattle
may be ruined for market either in slaughtering or cutting
on the block. Then the meat should stay in cold
storage several days. When you buy from us you get
the benefit of all our good meat and long experience.

MILNER IS NOT IDLE.

Working for the Return of Outlanders to Transvaal.

THE WAR A PUZZLE.

Military Men Acknowledge They Do
Not Know What Is Going on
in South Africa—Arrest of
Dr. Krause in London.

London, Sept. 3.—Lord Milner has
not been idle since his return to South
Africa. One of his first public acts on
resuming his duties has been to offer
some assurances in reply to the repre-
sentations made on behalf of outlander
refugees. The high commissioner de-
clares that there is no object for which
he will work more strenuously than that
of bringing the people back to the Trans-
vaal as quickly as possible.

Military men frankly confess that
they do not understand what is happen-
ing in South Africa. They are confus-
ed and bewildered when they stick pins

SIR ALFRED MILNER.

ed and bewildered when they stick pins in their maps and observe the extent and magnitude of the operations of the raiders. An experienced official says that Mr. Kruger was not far from the truth when he asserted that 12,000 Cape rebels had revolted. This is a pessimistic confession, but it illustrates the depression prevailing in official circles.

HIGH TREASON CHARGED.

Former Governor of Johannesburg Arrested by London Police.

London, Sept. 3.—Dr. Krause, former
governor of Johannesburg, and a prominent
official of the late Transvaal govern-
ment, who was taken into custody in
London Monday night, was charged
at Bow Street police court with high
treason in the Transvaal under the fug-
itive offenders' law and remanded for
a week without bail.

No evidence except as to Dr. Krause's
arrest being offered, Sir George Lewis,
in behalf of the prisoner, asked if any
deposition against his client supporting
the charges existed. Prosecutor Muir
replied there was information against
the accused in Cape Colony. The police
here, he said, had acted upon telegraph-
ic instructions.

The police testified that Dr. Krause
when arrested looked at the warrant
and remarked "the charged is absurd."

Little Hope for Intervention.

New York, Sept. 3.—A dispatch from
Brussels to The Times says no credence
is given in that city to the rumor that
Kruger will be received by the czar in
the course of his majesty's visit to
France, though the pro-Boer organs con-
sider such a step desirable. The lead-
ing papers understand Emperor Nicolas
has refused to receive the Boer ex-president
and that this decision indicates the
attitude of France and Russia will be
the same as that of Germany. It is be-
lieved neither of the three powers will
consider intervention.

Report from Kitchener.

London, Sept. 3.—A dispatch from
Kitchener or Pretoria says since Aug.
26 the columns report 19 Boers killed, 3
wounded, 312 prisoners and 127 surren-
dered, and 194 rifles, 27,560 rounds of
ammunition, 17 horses and 760 head of
cattle captured.

Unique Damage Suit Filed.

Terre Haute, Sept. 3.—Ed Morris, of
Coal City, has been made defendant in
a damage suit because he did not act
as peacemaker in a fight. Porter Bond
is the plaintiff and he wants \$10,000
from Morris. In his complaint, Bond
alleges that in a fight with Abe Bailey
one of the plaintiff's fingers were bitten
off, causing blood poisoning, which
made amputation of the arm necessary.
Bond says that if Morris had responded
to the demand made on him to act as
peacemaker and stop the fight before
Abe bit off his finger the arm would
have been saved and that he is damaged
to the sum of \$10,900.

Lost His Winnings.

New York, Sept. 3.—Charles Jones,
who is said to be a California million-
aire with headquarters at Sacramento,
who won \$5000 on the lottery races,

told the police that he was
robbed of his winnings through the me-
dium of a card game by two men and a
woman.

Edward Chapin Dead.

New York, Sept. 3.—Edward S. Chapin,
senior member of the stock broker-
age firm of E. S. Chapin & Co. of this
city, died of acute pneumonia at Man-
hattan Beach. He was 5 years old. As
a broker he acted for Gould and other
large operators. Chapin retired
from active work a few years ago.

TEXAS NEWS.

Caught on a Bridge.

Hondo, Tex., Sept. 3.—A westbound
freight struck a Western Union line-
man's handcar on a bridge east of Hondo,
killing Isaac Henry and injuring D.
A. Dansmore, assistant foreman, his
right arm being broken and his head
cut. Ed McKinney of McCord, Mo.,
had his back injured and one leg bro-
ken. He is seriously hurt. Ed Ogden
of California, Mo., was slightly injured
in the right leg. There were ten men
on the car when the accident occurred.
The remainder were saved by jumping.
One man escaped by hanging from the
bridge by his hands until the train had
passed.

Holdup Frustrated.

Fort Worth, Tex., Sept. 3.—An at-
tempt to hold up a passenger train on
the Gulf, Colorado and Santa Fe road
at Death Valley, near Guthrie, O. T.,
was frustrated by the engineer. A pile
of ties was placed across the track,
which the engineer discovered, instead
of stopping he opened the throttle and
cleared the track of the obstruction.

Charged With Gambling.

Fort Worth, Tex., Sept. 3.—About 150
complaints in cases charging gambling
have been filed by County Attorney O.
S. Lattimore in the county court. The
county attorney says he is determined
to prosecute all persons gambling and
will keep it up until men cease to violate
the law in this respect in Fort
Worth.

Tunnelled Out of Jail.

Texarkana, Tex., Sept. 3.—Five pris-
oners confined in the county jail escap-
ed by tunnelling through the brick wall
Sunday night, and are still at large.
Among the number are Charles Ward,
a white man, charged with murder, and
three negroes who are awaiting trial for
theft.

Boy Killed by Lightning.

Austin, Sept. 3.—George Wilhelm, a
12-year-old boy, was struck by lightning
while returning from Labor Day celebra-
tion at Waters park. He was instant-
ly killed. Mrs. Alvin Phelps, who
was walking near by, was paralyzed by
the same lightning stroke.

Gunter Suit Settled.

Sherman, Tex., Sept. 3.—All motions
for new trials in the case of Gunter and
Jones vs. the Gulf, Colorado and Santa
Fe railway et al have been withdrawn
and the judgement of \$16,500 in favor
of the plaintiffs settled with interest.

Contributions Received.

Laredo, Sept. 3.—Contributions for
the Zapata county drouth sufferers have
begun to arrive in Laredo and it is be-
lieved now that all probability of a cal-
amity will be evaded by a judicious dis-
position of funds on hand.

Jefferson Ice Plant Burned.

Jefferson, Tex., Sept. 3.—The Jeffer-
son Ice company's plant was destroyed
by fire Monday evening. The loss is
between \$7000 and \$800, no insurance.
The plant was owned principally by J.
M. DeWare.

Perhaps Fatally Cut.

Fort Worth, Tex., Sept. 3.—S. J. Noel
is in the county jail charged with as-
sault with intent to murder David Lee
Couta. The men had a difficulty in a
saloon and Couta is perhaps fatally cut.

Charged With Assault.

Collinsville, Tex., Sept. 3.—Scott
Hill, about 25 years old, was arrested
here charged with an assault upon the
person of a girl aged about 18 years.

Marix Will Remain.

Washington, Sept. 3.—Admiral Re-
mey has cabled the navy department
that the Philippine commission has ur-
gently recommended the retention of
a naval officer as captain of the port of
Manila, expressing a desire that Lieu-
tenant Commander Marix shall remain
in that port. The navy department has
consented to the request and Lieutenant
Commander Marix who had been or-
dered home will stay at Manila.

Given His Old Place.

Washington, Sept. 3.—General Barry,
who acted as General MacArthur's chief
of staff, has been assigned to temporary
duty in the office of the adjutant general,
which post he vacated to go to
Manila about a year and a half ago.
General Rowden, formerly judge advo-
cate general of the department of the
Philippines, has been assigned to duty
in the office of judge advocate general.

The Czar in Denmark.

Elsinore, Denmark, Sept. 3.—The Rus-
sian imperial yacht, Standard, with the
czar and the czarina on board, an-
chored here at 2 p. m. Monday. The
imperial party was received at the water-
side by King Christian and all the mem-
bers of the royal family. The imperial
party took a train for Frederiksberg.

WEDNESDAY, SEPT. 4, 1901.

A drop of a cent and a half in cotton in one week is the record of the past six days.

The trust seems to be getting plenty of men who are willing to take the places of the strikers.

How about crude oil as a remedy for mosquitoes when the people are about to be run off Spindletop itself by the winged pests?

Col. E. S. Peters says cotton is worth 10 cents, and tells the planters to go slow in the matter of marketing, until it brings what it is worth.

President Shaffer of the Amalgamated association made a speech on labor day in which he became rather hysterical. He talked like a man who was losing.

George Waldron of Mt. Zion is the father this week of twin boys. —Alto Herald.

What will he be next week, brother? —Teneha New Era.

The governor has not yet called a special session of the legislature, nor intimated what he will do about it. The present session will expire next Monday, and as the appropriation bills will not have been passed by that date, the state will have to run on credit, or the legislature recalled to remain in session until it sees fit to pass them.

The Houston Post produced an editorial not long since on the subject of burning negroes, opposing the practice. The article has called forth some hot replies from different parts of the state, all so far as we have noticed, favoring burning at the stake of negroes guilty of certain heinous crimes. The trouble with preachers like the Post editor is that they seldom practice what they preach when one of these cases comes home to them.

CROP REPORT.

The Average Condition According to the Government Statistics Is 71.4.

Washington, Sept. 3.—The monthly report of the statistician of the department of agriculture shows the average crop condition on Aug. 24 was 71.4 as compared with 77.2 on July 25; 68.2 on Sept. 1, 1900; 68.5 Sept. 1, 1899, and a 10-year average of 74.4. There was an impairment of condition during August amounting to 10 points in Texas, 10 in Oklahoma, 8 in Arkansas, 7 in Alabama, 4 in Virginia, 2 in Louisiana and 1 in North Carolina and Florida. On the other hand there was improvement during the month in Georgia, South Carolina, Tennessee, Indian Territory and Mississippi amounting to 3, 5, 3, 1 and 4 points respectively. In Mississippi there was no appreciable change of condition.

Condition below a 10-year average was reported in a majority of states, deficiency being 15 points in Texas and Arkansas, 6 in North Carolina, 3 in Tennessee and Virginia and 1 in Alabama and Florida. In Oklahoma the condition is 10 points below the average of five years and in Missouri 6 points below the average of eight years for which statistics are available. On other hand, conditions in Georgia, Mississippi, South Carolina, Louisiana are 4, 13, 5 and 4 points above their respective 10-year average and in Indian Territory 1 point above average for five years.

As compared with Sept. 1, 1900, conditions at the close of August were less favorable in Texas, Arkansas and Oklahoma to the extent of 21, 4 and 10 point respectfully, and more favorable to extent 28 points in Mississippi, 20 in South Carolina, 12 in Georgia, 11 in Alabama and Missouri, 10 in Louisiana, 9 in Tennessee and Virginia, 8 in North Carolina, 7 in Florida and 4 in Indian Territory.

The weather summary crop conditions ending Monday were generally favorable. Corn shows improvement. Spring wheat threshing generally favorable. Week generally unfavorable for cotton; the eastern and central portions report rust; Arkansas and Oklahoma report injury by premature opening; Texas late crop deteriorated in a critical state from rust and shedding.

PRESIDENT AT BUFFALO.

He Will Visit the Pan-American Exposition on Thursday.

Brazos Union Lodge No. 129, A. F. and A. M., joined by the citizens of Bryan, will formally welcome General Stoddard home at a banquet to be given some time during the coming week.

Gen. Stoddard was accompanied to Louisville by his daughter, Miss Charlotte Stoddard.

The amusement feature of the Fair will cost a vast sum. To stray upon a Mid-way of such wonders as is being provided has not been the privilege of those attending Texas Fairs. Two immense Ferris' wheels will take the visitor revolving high above earth. "The beautiful orient" will be another attraction. It is described as a dazzling, romantic and realistic display of the manifold charms of the East. There will be the electric fountains and theatre, dazzling in their brilliant beauty of rainbow colors. In addition there will be "A Trip to the Moon," War Cyclorama, Cinegraph, Glass Blowers, "Darkness and Dawn," Animal Show, Dreamland, Moving Pictures, old Nuremberg, Scenic Railway, and many other objects of interest. Visitors to the San Antonio International Fair will be assured the lowest rates ever granted by the railroads entering in San Antonio and their connections. The San Antonio International dates are, opening October 19, ending October 30.

The second day's programme includes a trip to Niagara Falls and a public reception in music hall on the return.

While in Buffalo the president will be the guest of Hon. J. G. Millburn, president of the Pan-American exposition.

Injunction Against Bookmakers.

St. Louis, Sept. 3.—In the circuit court here Judge Zachritz issued a temporary injunction restraining the bookmakers at Delmar race track from operating further without license. The injunction was issued on the application of Attorney General Crow, who declared the license under which they were operating was illegal and that another could not be issued under that law. The case will come up for argument at the October term. Delmar track officials had intended to keep the track open until Sept. 26.

Railroads Transferred.

For Worth, Tex., Sept. 3.—The final transfer of 158 miles of railroad belonging to the Fort Worth and New Orleans, Central Texas and Northwestern, Austin and Northwestern and Marble Falls Branch with all appurtenances was made here filing the deed in favor of the Houston and Texas Central. Consideration \$338,000.

Elsay Appointed Chairman.

Washington, Sept. 3.—The president has appointed Francis M. Elsay of Muskogee, I. T., to be chairman of referees to assess and appraise damages for the right of way of the Fort Smith and Western railroad through the Choctaw Nation.

Prince Chun at Potsdam.

Potsdam, Sept. 3.—Prince Chun has arrived here from Switzerland. He was received at the railroad station by the town commandant and chief of police. It is said Emperor William will receive the Chinese envoy at the new palace.

Killed by Boiler Explosion.

Knoxville, Sept. 3.—A boiler explosion at Darlington, north of Greenville, killed Engineer Harris and fatally injured Charles Newberry. The boiler was defective.

TAX ON COFFEE.

Porto Rican Towns Following Precedent Established by Seaports.

New York, Sept. 3.—News reaches here from San Juan, Porto Rico, that the coffee question is still agitating the entire island, and town councils are one by one following the example set by the large seaports, and are declaring a \$125 tax on every 1000 kilos of coffee. It is said that Brazilian coffee has been used in Porto Rico since last March by the army. One reason given for its use is that the United States government would not pay the price put upon other coffee by the island dealers. It is said that the dealers asked fancy prices for the coffee and that they had a sliding scale. The government declined to buy at such rates and gave the trade to other places.

At Comerio it has been ascertained that gold is being taken out of the various streams by some of the poorer people. The natives make daily excursions to these streams and search for pebbles, which are covered with gold. At night they return to town and purchase food. None of them will show an outsider to the places where these pebbles can be found and guides employed for this purpose invariably lead the prospectors astray.

STRUNG UP TWICE.

Tramp Made to Confess His Crime and Then Told to Move.

Weeping Water, Neb., Sept. 3.—E. M. Lingell, the tramp, who attempted assault on the 4-year-old daughter of Walter Perry near this place on Saturday, was twice strung up to a telegraph pole Monday afternoon by citizens, and made to confess his crime and then turned loose and warned to leave the country at once. After first suspension Lingell was lowered before seriously injured. He was allowed to pray and send word to his mother and then strung up the second time. He was left suspended until almost unconscious when again lowered. On further examination the crowd determined he was not right mentally, and after making him take an oath to leave the country at once, he was released.

FOR MILITARY USE.

United States Seeking to Reclaim Concession at Tien Tsin.

Pekin, Sept. 3.—United States Minister Conger is taking steps to reclaim the small American concession at Tien Tsin, title to which has practically lapsed of late years, because of the government being unorganized and a majority of the American residents being scattered among British and German concessions. American need for concession is chiefly for military uses so as to avoid the experience of last summer when the United States army had difficulty in getting quarters and docking facilities.

Li Hung Chang is becoming more and more feeble, and it is apparent to all visitors that it is not probable he will ever be able to act as chairman of the council of state.

Ceased Campaign Against Dole.

Honolulu, Aug. 27, via San Francisco, Sept. 3.—Ex-Queen Liliokalani is reported as having reached the conclusion that the home rule party is making a mistake in spending time and energy in efforts to have Governor Dole removed. At a recent meeting of the natives, where the matter of choosing a man to be advocated, Senator Kalukalani, who is regarded as the queen's political agent and adviser, advocated the letting of the matter drop.

The Franco-Turkish Trouble.

Constantinople, Sept. 3.—Manir Bey, the Turkish ambassador to France, wired Saturday that he had strong hopes that a settlement of the Franco-Turkish difficulty would be reached which would preserve dignity of both governments. M. Delcas, the French minister for foreign affairs, on the contrary wired M. Baptist, councillor of the French embassy, categorical instructions to take no steps to show that the relations between the two countries were modified.

Mad Dog's Fatal Raid.

Wentzville, Mo., Sept. 3.—Residents of Wright City are greatly excited because of the prevalence of hydrophobia among domestic animals in that vicinity caused by the attacks of a mad dog, which passed through the county recently. Already 17 head of cattle, 20 head of sheep, 1 horse and many dogs have died or been killed as a result of attacks of the malady.

Thrown from a Vehicle.

New York, Sept. 3.—The serious, if not fatal injury of Frederick Warren, one of the owners of the Warren Steamship company, is reported from Beverly Farms, Mass. Mr. Warren, with his daughter, was driving home from a horse show at the Hyannis Hunt club when the horse bolted, throwing Mr. Warren from the vehicle.

Killed His Wife and Sutieides.

Corning, N. Y., Sept. 3.—Miles E. German, a carpenter, shot and killed his wife and himself, fired at his mother-in-law wounding her slightly in the head and attempted to shoot his 6-year-old girl.

Apologized and Paid Fine.

Chicago, Sept. 3.—Joe McGinnity, the Baltimore pitcher, was reinstated on the payment of a fine and apologizing to Umpire Connelly, with whom he quarreled on Aug. 22.

Ball Player Killed.

Bloomington, Ills., Sept. 3.—Robert Gregory, the widely known ball player of the Chicago league team, was killed by the cars here.

MONROE EDGE

THE ONLY ACTIVE

REAL ESTATE MAN

In this part of the state, if you have a few pennies in your flanks, hunt him up and be made happy by buying a home for Hann's and his kids. You have lands for sale, etc., but remember his time is money, etc. He will not monkey with your stuff if you want two prices for it. He makes a specialty of handling large tracts not on this list. There is no use fooling away your time trying to sell your land when he can sell it in a few days if your price is right—the people know he has property at the right prices and they look him up when they want to buy.

Told by Pain

If you have pains you should look after them quickly. Pain shows something is wrong. The sharper the pain the more danger there is in delay. There are thousands of women to-day who are bearing awful pain almost continually, rather than tell a physician about the shooting pains in their lower abdomen, about the agony of falling of the womb and the distress of leucorrhoea. They let the months pass and their trouble becomes harder to cure and more distressing. But modest women can secure exemption from the embarrassment of a private examination. When pain tells them of danger they can cure themselves by the use of

WINE OF CARDUI

in the privacy of their homes. You can be cured without distressing publicity. With these facts before you there is no reason for the delay which is increasing your misery and wasting the days of your life. Why not stop the pain today?

Belen, Miss., March 9, 1900.
Black Draught. Before I began to take your medicines I had pains in my back, hips, lower bowels and my arms. Sometimes I thought I would go blind. My head ached and I was so weak I could hardly walk across the floor. Now I can only feel a little of the pain in my side and I am going to use your medicines until I get cured, for I believe they will certainly cure me. I have been married twelve years and am the mother of seven children. Thank you for your wonderful medicine and what it has done for me.

TEXAS LEGISLATURE.

Governor Has Decided to Call an Extra Session.

AVOIDING MILEAGE.

Difference Exists as to How to Save This Expense — Congressional Redistricting Bill Has Been Agreed Upon.

Austin, Sept. 3.—The governor will tomorrow submit a message to the legislature reconvening that body in another extra session for the purpose of passing the general appropriation bill. It is said the message will not contain any other recommendations than the appropriation bill.

Austin, Sept. 3.—The present extra session of the legislature will end with next Monday and the governor has not yet indicated what he will do with reference to calling a second special session of the legislature. It is generally believed that he will put it to work right away after the present session is finished. There are some members who believe that he can issue the call within a day after the present session ends, designating any time he sees fit for the second session to begin and avoid the payment of mileage.

The impression has prevailed that the governor must designate that the second session shall begin within one day after adjournment of the first or the members will be entitled to mileage. The provision of the constitution relating to mileage and per diem concludes: "But no member shall be entitled to mileage for any extra session that may be called within one day after adjournment of a regular or called session."

That is the only provision bearing upon the subject. It is argued that if the governor calls a special session on Thursday, he can designate that it shall open a week, a month or six months thereafter without rendering the state subject to pay mileage.

In the senate yesterday the house bill passed giving Jefferson county a separate district court. It also concurred in the house amendment to Senator Davidson's breakwater bill. The bill was enrolled and signed by the president of the senate. It would have gone to the governor had their been a quorum in the house, so that the speaker could attach his signature.

The senate put to sleep McFall's resolution requesting the governor to submit platform demands. This occasioned some surprise because that body passed the double header bill at the regular session and showed great reverence for platform demands. The only speech made was by Senator Hanger who contended that it was the governor's prerogative to submit matters of legislation and not the province of the legislature to make suggestions to him.

The free conference committee on congressional districts has agreed upon a bill. The house bill prevailed in most instances, as the house conferees stood together, while the senate conferees differed. The bill will have the support of all the conferees except Senator Harris of Bexar county. He objects to the San Antonio district.

The senate concurred in the house amendment to David's Galveston sea wall bill.

Marshal Killed a Negro.

Cairo, Ills., Sept. 3.—Marshal Thomas Warden shot and killed a negro at Bardwell, Ky., and was himself shot through the shoulder, inflicting a serious wound. The negro left this city for Clinton. When Bardwell was reached he lost his hat and got off the train to get it. The train pulled out before he could get back on. He stepped into the depot to make some inquiry and jostled some ladies in his haste. The agent ordered him out, and he became abusive and pulled out a gun. The marshal was not notified, but in the meantime some boys around the depot began to talk of lynching, and the negro took fright and started down the track. The marshal went in pursuit in a buggy and caught up with the negro after pursuing him a mile. He commanded him to throw up his hands, but instead the negro shot the marshal in the shoulder. The marshal then fired twice, the second shot killing the negro instantly. Warden will probably recover.

After Sam Strong's Money.

Denver, Sept. 3.—Mrs. R. J. Hunter, of St Louis, the first wife of Sam Strong, the millionaire mine owner who was shot at Cripple Creek Aug. 22, came to Denver Monday and it is understood will make a fight for a portion of the estate for herself and her children. Strong died intestate, and it is not known on what ground Mrs. Hunter will bring the action, as there is no will to contest and as Mrs. Hunter has remarried. She was the wife of Sam Strong 16 years ago. There are two children of this marriage living, Mabel, now 14 years of age, and Grover, aged 18. The marriage was not happy and terminated in divorce. About seven years ago Mrs. Hunter married her present husband. Estate valued at \$2,000,000.

Loomis Reaches New York.

New York, Sept. 3.—Francis B. Loomis, former United States minister to Venezuela, but now minister to Portugal, was a passenger on the Vaderland arriving here.

TRUST IS WINNING.

More Men Go to Work and More Mills Are to Start Soon.

Pittsburg, Sept. 3.—Developments in the strike situation today were all favorable to the masters. From nearly every point in this district reports are of a discouraging nature to the strikers. Thirty-two new workmen, said to be all skilled, entered the Star tinplate works without molestation; 125 machinists returned to work in the Pennsylvania and Continental tube plants and 12 imported men went to work at the Steel hoop mill in Monessen.

At Duquesne no further efforts were made to get men out and the works are in full operation. Painters and Lindsay and McCutchen mills are again running with increased forces, while conditions at McKeesport are without material change.

Three mills have been put on night shift at the Clark plant. The other six mills are operating full time days. The management say they have many applications of former workmen, but refused all. The plant is fully equipped.

Pittsburg, Sept. 3.—The big Labor Day demonstration monopolized the attention of the workingmen and strikers here and the surrounding towns, but steel manufacturers went on making preparations for the opening of the plants that are shut down by the recent strike and increasing the number of men at the mills already in partial operation.

Evidences of impatience are cropping out on the side of the strikers and it is feared that the unlawful acts by the strikers Sunday night and Monday about the Star Tin plant may multiply and spread to other quarters.

The officials of the Star plant claim that the pickets about their mills held up a special delivery boy of the post office with a letter when he was going down Twelfth street and inspected the letter before he was allowed to proceed. The master will be reported to the postal authorities. It is also charged that the strikers stoned the company's carriage on Pennsylvania avenue, but did no special damage to the occupants.

A mob surrounded William Jones, a negro, who was mistaken for a non-union man from the Star works. He had a narrow escape from serious injury and possibly lynching by the appearance of the police.

The strike is now in its third month with few indications of early peace. It has settled down to a question of duration, with both sides making claims of advantages gained. Beginning Monday the Amalgamated association will pay the necessities of needy men, but the first payment will not be made until Sept. 15, when each man will receive \$8 for the two weeks.

It is estimated that from 15,000 to 20,000 men were in the line of the labor parade Monday. The day was generally observed throughout the two cities.

The machinists and repairmen of the foundry at the National Tube works at McKeesport were prevented from working by the strikers gathering about the mill entrance. There were no disorders, but the strikers asserted that if the men returned to work today they will go into the mill and bring them out.

The Scale Signed.

Middlesboro, Ky., Sept. 3.—President Howe, representing the miners and the operators of Jellico district, have signed a wage scale and minor points of difference have referred to a board of arbitration. Two of the Coal Creek companies signed the same document, all mines in the Jellico district running full time.

No Cordial Welcome.

New York, Sept. 3.—Religious orders quitting France, according to a dispatch to The Times from Paris, are finding less cordial welcome abroad than they anticipated. Belgian bishops are imposing restrictions almost amounting to a veto, and the Italian government talks of taking precautions against the associations. Some of the Swiss cantons prohibit foreign communities and Germany threatens to do likewise.

Sheep and Cattlemen at War.

Lander, Wyo., Sept. 3.—Sheep and cattlemen are at war over range matters 10 miles south of here, and unless citizens who have gone to the scene to settle the difficulty arrive there in time there may be bloodshed. It is said that the cattlemen have set apart a certain section and have ordered all sheep away. The sheepmen refused to go.

Drowned in Oil and Water.

Marion, Ind., Sept. 3.—Henry Pingree, aged 28, an oil well pumper, was found dead, lying with his head submerged in oil and water by the side of a large tank in the oil fields south of the city. The theory advanced is that he fell from the tank to the ground and was knocked insensible.

Didn't Know it Was Loaded.

Atlanta, Ga., Sept. 3.—Roy Wilkes, aged 11, accidentally shot and killed his sister, aged 15, at their mother's home in this city. The boy had a parlor rifle in his hands and not knowing it was loaded pulled the trigger, when the rifle was pointing toward his sister.

Will Accept the Offer.

London, Sept. 3.—A dispatch to a news agency from Copenhagen says the Daedalus ministry has decided to accept the United States' offer of 16,000,000 kroner for the Danish West Indies.

FRANKLIN BROTHERS

MILNER IS NOT IDLE.

Working for the Return of Outlanders to Transvaal.

THE WAR A PUZZLE.

Military Men Acknowledge They Do
Not Know What Is Going on
in South Africa—Arrest of
Dr. Krause in London.

London, Sept. 3.—Lord Milner has
not been idle since his return to South
Africa. One of his first public acts on
resuming his duties has been to offer
some assurances in reply to the repre-
sentations made on behalf of outlander
refugees. The high commissioner de-
clares that there is no object for which
he will work more strenuously than that
of bringing the people back to the Trans-
vaal as quickly as possible.

Military men frankly confess that
they do not understand what is happen-
ing in South Africa. They are confus-
ed and bewildered when they stick pins
in their maps and observe the extent
and magnitude of the operations of the
raiders. An experienced official says
that Mr. Kruger was not far from the
truth when he asserted that 12,000 Cape
rebels had revolted. This is a pessi-
mistic confession, but it illustrates the de-
pression prevailing in official circles.

HIGH TREASON CHARGED.

Former Governor of Johannesburg Ar-
rested by London Police.

London, Sept. 3.—Dr. Krause, former
governor of Johannesburg, and a promi-
nent official of the late Transvaal gov-
ernment, who was taken into custody
in London Monday night, was charged
at Bow Street police court with high
treason in the Transvaal under the fug-
itive offenders' law and remanded for
a week without bail.

No evidence except as to Dr. Krause's
arrest being offered, Sir George Lewis,
in behalf of the prisoner, asked if any
deposition against his client supporting
the charges existed. Prosecutor Muir
replied there was information against
the accused in Cape Colony. The police
here, he said, had acted upon telegraph-
ic instructions.

The police testified that Dr. Krause
when arrested looked at the warrant
and remarked "the charged is absurd."

Little Hope for Intervention.

New York, Sept. 3.—A dispatch from
Brussels to The Times says no credence
is given in that city to the rumor that
Kruger will be received by the czar in
the course of his majesty's visit to
France, though the pro-Boer organs con-
sider such a step desirable. The leading
papers understand Emperor Nicolas
has refused to receive the Boer ex-pres-
ident and that this decision indicates the
attitude of France and Russia will be
the same as that of Germany. It is be-
lieved neither of the three powers will
consider intervention.

Report from Kitchener.

London, Sept. 3.—A dispatch from
Kitchener at Pretoria says since Aug.
26 the columns report 19 Boers killed, 3
wounded, 212 prisoners and 127 surren-
dered, and 184 rifles, 27,560 rounds of
ammunition, 17 horses and 760 head of
cattle captured.

Unique Damage Suit Filed.

Terre Haute, Sept. 3.—Ed Morris, of
Coal City, has been made defendant in
a damage suit because he did not act
as peacemaker in a fight. Porter Bond
is the plaintiff and he wants \$10,000
from Morris. In his complaint, Bond
alleges that in a fight with Abe Bailey
one of the plaintiff's fingers were bitten
off, causing blood poisoning, which
made amputation of the arm necessary.
Bond says that if Morris had responded
to the demand made on him to act as
peacemaker and stop the fight before
Abe bit off his finger the arm would
have been saved and that he is damaged
to the sum of \$10,000.

Lost His Winnings.

New York, Sept. 3.—Charles Jones,
who is said to be a California millionaire
with headquarters at Sacramento,
who won \$3000 on the lottery race,

REPOBED TO THE police that he was
robbed of his winnings through the me-
dium of a card game by two men and a
woman.

Edward Chapin Dead.

New York, Sept. 3.—Edward S. Cha-
pin, senior member of the stock broker-
age firm of E. S. Chapin & Co. of this
city, died of acute pneumonia at Man-
hattan Beach. He was 75 years old. As
a broker he acted for Gould and
other large operators. Chapin retired
from active work a few years ago.

TEXAS NEWS.

Caught on a Bridge.

Hondo, Tex., Sept. 3.—A westbound
freight struck a Western Union line-
man's handcar on a bridge east of Hon-
do killing Isaac Henry and injuring D.
A. Danmore, assistant foreman, his
right arm being broken and his head
cut. Ed McKinney of McCord, Mo.,
had his back injured and one leg bro-
ken. He is seriously hurt. Ed Ogden
of California, Mo., was slightly injured
in the right leg. There were ten men
on the car when the accident occurred.
The remainder were saved by jumping.
One man escaped by hanging from the
bridge by his hands until the train had
passed.

Holdup Frustrated.

Fort Worth, Tex., Sept. 3.—An at-
tempt to hold up a passenger train on
the Gulf, Colorado and Santa Fe road
at Death Valley, near Guthrie, O. T.,
was frustrated by the engineer. A pile
of ties was placed across the track,
which the engineer discovered, instead
of stopping he opened the throttle and
cleared the track of the obstruction.

Charged With Gambling.

Fort Worth, Tex., Sept. 3.—About 150
complaints in cases charging gambling
have been filed by County Attorney O.
S. Lattimore in the county court. The
county attorney says he is determined
to prosecute all persons gambling and
will keep it up until men cease to vio-
late the law in this respect in Fort
Worth.

Tunnelled Out of Jail.

Texarkana, Tex., Sept. 3.—Five pris-
oners confined in the county jail escap-
ed by tunnelling through the brick wall
Sunday night, and are still at large.
Among the number are Charles Ward,
a white man, charged with murder, and
three negroes who are awaiting trial for
theft.

Boy Killed by Lightning.

Austin, Sept. 3.—George Wilhelm, a
12-year-old boy, was struck by lightning
while returning from Labor Day cele-
bration at Waters park. He was im-
mediately killed. Mrs. Alvin Phelps, who
was walking near by, was paralyzed by
the same lightning stroke.

Gunter Suit Settled.

Sherman, Tex., Sept. 3.—All motions
for new trials in the case of Gunter and
Jones vs. the Gulf, Colorado and Santa
Fe railway et al have been withdrawn
and the judgement of \$16,500 in favor
of the plaintiffs settled with interest.

Contributions Received.

Laredo, Sept. 3.—Contributions for
the Zapata county drouth sufferers have
begun to arrive in Laredo and it is be-
lieved now that all probability of a cal-
amity will be evaded by a judicious dis-
position of funds on hand.

Jefferson Ice Plant Burned.

Jefferson, Tex., Sept. 3.—The Jeffe-
son Ice company's plant was destroyed
by fire Monday evening. The loss is
between \$7000 and \$8000, no insurance.
The plant was owned principally by J.
M. De Ware.

Perhaps Fatally Cut.

Fort Worth, Tex., Sept. 3.—S. J. Noel
is in the county jail charged with as-
sault with intent to murder David Lee
Coutia. The man had a difficulty in a
saloon and Coutia is perhaps fatally cut.

Charged With Assault.

Collinsville, Tex., Sept. 3.—Scott
Hill, about 25 years old, was arrested
here charged with an assault upon the
person of a girl aged about 18 years.

Marix Will Remain.

Washington, Sept. 3.—Admiral Re-
mey has cabled the navy department
that the Philippine commission has ur-
gently recommended the retention of
a naval officer as captain of the port of
Manila, expressing a desire that Lieu-
tenant Commander Marix shall remain
in that port. The navy department has
consented to the request and Lieutenant
Commander Marix who had been or-
dered home will stay at Manila.

Given His Old Place.

Washington, Sept. 3.—General Barry,
who acted as General MacArthur's chief
of staff, has been assigned to temporary
duty in the office of the adjutant gen-
eral, which post he vacated to go to
Manila about a year and a half ago.
General Rowley, formerly judge advo-
cate general of the department of the
Philippines, has been assigned to duty
in the office of judge advocate general.

The Czar in Denmark.

Elsinore, Denmark, Sept. 3.—The Rus-
sian imperial yacht, Standard, with the
czar and the czarina on board, an-
chored here at 2 p. m. Monday. The
imperial party was received at the water-
side by King Christian and all the mem-
bers of the royal family. The imperial
party took a train for Fredensborg.

A drop of a cent and a half in cotton in one week is the record of the past six days.

The trust seems to be getting plenty of men who are willing to take the places of the strikers.

How about crude oil as a remedy for mosquitoes when the people are about to be run off Spindletop itself by the winged pests?

Col. E. S. Peters says cotton is worth 10 cents, and tells the planters to go slow in the matter of marketing, until it brings what it is worth.

President Shaffer of the Amalgamated association made a speech on labor day in which he became rather hysterical. He talked like a man who was losing.

George Waldron of Mt. Zion is the father this week of twin boys. —Alto Herald.

What will he be next week, brother? —Teneha New Era.

The governor has not yet called a special session of the legislature, nor intimated what he will do about it. The present session will expire next Monday, and as the appropriation bills will not have been passed by that date, the state will have to run on credit, or the legislature recalled to remain in session until it sees fit to pass them.

The Houston Post produced an editorial not long since on the subject of burning negroes, opposing the practice. The article has called forth some hot replies from different parts of the state, all so far as we have noticed, favoring burning at the stake of negroes guilty of certain heinous crimes. The trouble with preachers like the Post editor is that they seldom practice what they preach when one of these cases comes home to them.

CROP REPORT.

The Average Condition According to the Government Statistics Is 71.4.

Washington, Sept. 3.—The monthly report of the statistician of the department of agriculture shows the average crop condition on Aug. 24 was 71.4 as compared with 77.2 on July 25; 68.2 on Sept. 1, 1900; 68.5 Sept. 1, 1899, and a 10-year average of 74.4. There was an impairment of condition during August amounting to 10 points in Texas, 10 in Oklahoma, 8 in Arkansas, 7 in Alabama, 4 in Virginia, 2 in Louisiana and 1 in North Carolina and Florida. On the other hand there was improvement during the month in Georgia, South Carolina, Tennessee, Indian Territory and Mississippi amounting to 3, 5, 3, 1 and 4 points respectively. In Mississippi there was no appreciable change of condition.

Conditions below a 10-year average was reported in a majority of states, deficiency being 15 points in Texas and Arkansas, 6 in North Carolina, 3 in Tennessee and Virginia and 1 in Alabama and Florida. In Oklahoma the condition is 10 points below the average of five years and in Missouri 6 points below the average of eight years for which statistics are available. On other hand, conditions in Georgia, Mississippi, South Carolina, Louisiana are 4, 13, 5 and 4 points above their respective 10-year average and in Indian Territory 1 point above average for five years.

As compared with Sept. 1, 1900, conditions at the close of August were less favorable in Texas, Arkansas and Oklahoma to the extent of 21, 4 and 10 point respectively, and more favorable to extent 28 points in Mississippi, 20 in South Carolina, 12 in Georgia, 11 in Alabama and Missouri, 12 in Louisiana, 9 in Tennessee and Virginia, 8 in North Carolina, 7 in Florida and 4 in Indian Territory.

The weather summary crop conditions ending Monday were generally favorable. Corn shows improvement. Spring wheat threshing generally favorable. Week generally unfavorable for cotton; the eastern and central portions report rust; Arkansas and Oklahoma report injury by premature opening; Texas late crop deteriorated in a critical state from rust and shedding.

PRESIDENT AT BUFFALO.

He Will Visit the Pan-American Exposition on Thursday.

Brazos Union Lodge No. 129, A. F. and A. M., joined by the citizens of Bryan, will formally welcome General Stoddard home at a banquet to be given some time during the coming week.

Gen. Stoddard was accompanied to Louisville by his daughter, Miss Charlotte Stoddard.

The amusement feature of the Fair will cost a vast sum. To stray upon a Mid-way of such wonders as is being provided has not been the privilege of those attending Texas Fairs. Two immense Ferris' wheels will take the visitor revolving high above earth. "The beautiful orient" will be another attraction. It is described as a dazzling, romantic and realistic display of the manifold charms of the East. There will be the electric fountains and theatre, dazzling in their brilliant beauty of rainbow colors. In addition there will be "A Trip to the Moon," War Cyclorama, Cinegraph, Glass Blowers, "Darkness and Dawn," Animal Show, Dreamland, Moving Pictures, old Nuremberg, Scenic Railway, and many other objects of interest. Visitors to the San Antonio International Fair will be assured the lowest rates ever granted by the railroads entering in San Antonio and their connections. The San Antonio International dates are, opening October 19, ending October 30.

He will speak from a specially erected stand in the West Esplanade, near the Triumphal bridge, addressing, perhaps an audience of several hundred thousand persons, for the Esplanade will hold 250,000 people. President's Day will therefore be in many respects the greatest day of the exposition season. There will be a grand parade in honor of the president.

The second day's programme includes a trip to Niagara Falls and a public reception in music hall on the return.

While in Buffalo the president will be the guest of Hon. J. G. Millburn, president of the Pan-American exposition.

Injunction Against Bookmakers.

St. Louis, Sept. 3.—In the circuit court here Judge Zachritz issued a temporary injunction restraining the bookmakers at Delmar race track from operating further without license. The injunction was issued on the application of Attorney General Crow, who declared the license under which they were operating was illegal and that another could not be issued under that law. The case will come up for argument at the October term. Delmar track officials had intended to keep the track open until Sept. 26.

Railroads Transferred.

Fort Worth, Tex., Sept. 3.—The final transfer of 158 miles of railroad belonging to the Fort Worth and New Orleans, Central Texas and Northwestern, Austin and Northwestern and Marble Falls Branch with all appurtenances was made here filing the deed in favor of the Houston and Texas Central. Consideration \$338,000.

Elsey Appointed Chairman.

Washington, Sept. 3.—The president has appointed Francis M. Elsey of Muskogee, I. T., to be chairman of referees to assess and appraise damages for the right of way of the Fort Smith and Western railroad through the Choctaw Nation.

Prince Chun at Potsdam.

Potsdam, Sept. 3.—Prince Chun has arrived here from Switzerland. He was received at the railroad station by the town commandant and chief of police. It is said Emperor William will receive the Chinese envoy at the new palace.

Killed by Boiler Explosion.

Knoxville, Sept. 3.—A boiler explosion at Darlington, north of Greenville, killed Engineer Harris and fatally injured Charles Newberry. The boiler was defective.

TAX ON COFFEE.

Porto Rican Towns Following Precedent Established by Seaports.

New York, Sept. 3.—News reaches here from San Juan, Porto Rico, that the coffee question is still agitating the entire island, and town councils are one by one following the example set by the large seaports, and are declaring a \$125 tax on every 1000 kilos of coffee. It is said that Brazilian coffee has been used in Porto Rico since last March by the army. One reason given for its use is that the United States government would not pay the price put upon other coffee by the island dealers. It is said that the dealers asked fancy prices for the coffee and that they had a sliding scale. The government declined to buy at such rates and gave the trade to other places.

At Comerio it has been ascertained that gold is being taken out of the various streams by some of the poorer people. The natives make daily excursions to these streams and search for pebbles, which are covered with gold. At night they return to town and purchase food. None of them will show an outsider to the places where these pebbles can be found and guides employed for this purpose invariably lead the prospectors astray.

STRUNG UP TWICE.

Tramp Made to Confess His Crime and Then Told to Move.

Weeping Water, Neb., Sept. 3.—E. M. Lingell, the tramp, who attempted assault on the 4-year-old daughter of Walter Perry near this place on Saturday, was twice strung up to a telegraph pole Monday afternoon by citizens, and made to confess his crime and then turned loose and warned to leave the country at once. After first suspension Lingell was lowered before seriously injured. He was allowed to pray and send word to his mother and then strung up the second time. He was left suspended until almost unconscious when again lowered. On further examination the crowd determined he was not right mentally, and after making him take an oath to leave the country at once, he was released.

FOR MILITARY USE.

United States Seeking to Reclaim Concession at Tien Tsin.

Pekin, Sept. 3.—United States Minister Conger is taking steps to reclaim the small American concession at Tien Tsin, title to which has practically lapsed of late years, because of the government being unorganized and a majority of American residents being scattered among British and German concessions. American need for concession is chiefly for military uses so as to avoid the experience of last summer when the United States army had difficulty in getting quarters and docking facilities.

Li Hung Chang is becoming more and more feeble, and it is apparent to all visitors that it is not probable he will ever be able to act as chairman of the council of state.

Ceased Campaign Against Dole.

Honolulu, Aug. 27, via San Francisco, Sept. 3.—Ex-Queen Liliokalani is reported as having reached the conclusion that the home rule party is making a mistake in spending time and energy in efforts to have Governor Dole removed. At a recent meeting of the natives, where the matter of choosing a man to be advocated as Dole's successor was discussed, Senator Kalukalani, who is regarded as the queen's political agent and adviser, advocated the letting of the matter drop.

The Franco-Turkish Trouble.

Constantinople, Sept. 3.—Munir Bey, the Turkish ambassador to France, wired Saturday that he had strong hopes that a settlement of the Franco-Turkish difficulty would be reached which would preserve dignity of both governments. M. Delcas, the French minister for foreign affairs, on the contrary wired M. Baptist, councillor of the French embassy, categorical instructions to take no steps to show that the relations between the two countries were modified.

Mad Dog's Fatal Raid.

Wentzville, Mo., Sept. 3.—Residents of Wright City are greatly excited because of the prevalence of hydrophobia among domestic animals in that vicinity caused by the attacks of a mad dog, which passed through the county recently. Already 17 head of cattle, 20 head of sheep, 1 horse and many dogs have died or been killed as a result of attacks of the malady.

Thrown from a Vehicle.

New York, Sept. 3.—The serious, if not fatal injury of Frederick Warren, one of the owners of the Warren Steamship company, is reported from Beverly Farms, Mass. Mr. Warren, with his daughter, was driving home from a horse show at the Hyopia Hunt club when the horse bolted, throwing Mr. Warren from the vehicle.

Killed His Wife and Sailed.

Corning, N. Y., Sept. 3.—Miles E. German, a carpenter, shot and killed his wife and himself, fired at his mother-in-law wounding her slightly in the head and attempted to shoot his 6-year-old girl.

Apologized and Paid Fine.

Chicago, Sept. 3.—Joe McGinnity, the Baltimore pitcher, was reinstated on the payment of a fine and apologizing to Umpire Connelly, with whom he quarreled on Aug. 22.

Ball Player Killed.

Bloomington, Ills., Sept. 3.—Robert Gregory, the widely known ball player of the Chicago league team, was killed by the cars here.

Told by Pain

If you have pains you should look after them quickly. Pain shows something is wrong. The sharper the pain the more dangerous there is in delay. There are thousands of women to-day who are bearing awful pain almost continually, rather than tell a physician about the shooting pains in their lower abdomen, about the agony of falling of the womb and the distress of leucorrhœa. They let the months pass and their trouble becomes harder to cure and more distressing. But modest women can secure exemption from the embarrassment of a private examination. When pain tells them of danger they can cure themselves by the use of

WINE OF CARDUI

In the privacy of their homes. You can be cured without distressing publicity. With these facts before you there is no reason for wasting the days of your life. Why not stop the pain today?

Black-Dunlop. Before I began to take your medicines I had pains in my back, hips, lower bowels and my arms. Sometimes I thought I would go blind. My head ached and I was so weak I could hardly walk across the floor. Now I can only feel a little of the pain in my side and I am going to use your medicines until I get cured, for I believe they will certainly cure me. I have been married twelve years and am the mother of seven children. I thank you for your wonderful medicine and what it has done for me.

TEXAS LEGISLATURE.

Governor Has Decided to Call an Extra Session.

AVOIDING MILEAGE.

Difference Exists as to How to Save This Expense — Congressional Redistricting Bill Has Been Agreed Upon.

Austin, Sept. 3.—The governor will tomorrow submit a message to the legislature reconvening that body in another extra session for the purpose of passing the general appropriation bill. It is said the message will not contain any other recommendations than the appropriation bill.

Austin, Sept. 3.—The present extra session of the legislature will end with next Monday and the governor has not yet indicated what he will do with reference to calling a second special session of the legislature. It is generally believed that he will put it to work right away after the present session is finished.

There are some members who believe that he can issue the call within a day after the present session ends, designating any time he sees fit for the second session to begin and avoid the payment of mileage.

The impression has prevailed that the governor must designate that the second session shall begin within one day after adjournment of the first or the members will be entitled to mileage. The provision of the constitution relating to mileage and per diem concludes: "But no member shall be entitled to mileage for any extra session that may be called within one day after adjournment of a regular or called session."

That is the only provision bearing upon the subject. It is argued that if the governor calls a special session on Thursday, he can designate that it shall open a week, a month or six months thereafter without rendering the state subject to pay mileage.

In the senate yesterday the house bill passed giving Jefferson county a separate district court. It also concurred in the house amendment to Senator Davidson's breakwater bill. The bill was enrolled and signed by the president of the senate. It would have gone to the governor had their been a quorum in the house, so that the speaker could attach his signature.

The senate put to sleep McFall's resolution requesting the governor to submit platform demands. This occasioned some surprise because that body passed the double header bill at the regular session and showed great reverence for platform demands. The only speech made was by Senator Hanger who contended that it was the governor's prerogative to submit matters of legislation and not the province of the legislature to make suggestions to him.

The free conference committee on congressional districts has agreed upon a bill. The house bill prevailed in most instances, as the house conferees stood together, while the senate conferees differed. The bill will have the support of all the conferees except Senator Harris of Bexar county. He objects to the San Antonio district.

The senate concurred in the house amendment to David's Galveston sea wall bill.

Marshal Killed a Negro.

Cairo, Ills., Sept. 3.—Marshal Thomas Warden shot and killed a negro at Bardwell, Ky., and was himself shot through the shoulder, inflicting a serious wound. The negro left this city for Clinton. When Bardwell was reached he lost his hat and got off the train to get it. The train pulled out before he could get back on. He stepped into the depot to make some inquiry and jostled some ladies in his haste. The agent ordered him out, and he became abusive and pulled out a gun. The marshal was notified, but in the meantime some boys around the depot began to talk of lynching, and the negro took fright and started down the track. The marshal went in pursuit in a buggy and caught up with the negro after pursuing him a mile. He commanded him to throw up his hands, but instead the negro shot the marshal in the shoulder. The marshal then fired twice, the second shot killing the negro instantly. Warden will probably recover.

After Sam Strong's Money.

Denver, Sept. 3.—Mrs. R. J. Hunter, of St Louis, the first wife of Sam Strong, the millionaire mine owner who was shot a Cripple Creek Aug. 22, came to Denver Monday and it is understood will make a fight for a portion of the estate for herself and her children. Strong died intestate, and it is not known on what ground Mrs. Hunter will bring the action, as there is no will to contest and as Mrs. Hunter has remarried. She was the wife of Sam Strong 16 years ago. There are two children of this marriage living, Mabel, now 14 years of age, and Grover, aged 16. The marriage was not happy and terminated in divorce. About seven years ago Mrs. Hunter married her present husband. Estate valued at \$2,000,000.

TRUST IS WINNING.

More Men Go to Work and More Mills Are to Start Soon.

Pittsburg, Sept. 3.—Developments in the strike situation today were all favorable to the masters. From nearly every point in this district reports are of a discouraging nature to the strikers. Thirty-two new workmen, said to be all skilled, entered the Star tinplate works without molestation; 125 machinists returned to work in the Pennsylvania and Continental tube plants and 12 important men went to work at the Steel hoop mill in Monessen.

At Duquesne no further efforts were made to get men out and the works are in full operation. Painters and Lindsay and McCutchen mills are again running with increased forces, while conditions at McKeesport are without material change.

Three mills have been put on night turn at the Clark plant. The other six mills are operating full time. The management say they have many applications of former workmen, but refused all. The plant is fully equipped.

Pittsburg, Sept. 3.—The big Labor Day demonstration monopolized the attention of the workingmen and strikers here and the surrounding towns, but steel manufacturers went on making preparations for the opening of the plants that are shut down by the recent strike and increasing the number of men at the mills already in partial operation.

Evidences of impatience are cropping out on the side of the strikers and it is feared that the unlawful acts by the strikers Sunday night and Monday about the Star Tin plant may multiply and spread to other quarters.

The officials of the Star plant claim that the pickets about their mills held up a special delivery boy of the post office with a letter when he was going down Twelfth street and inspected the letter before he was allowed to proceed. The matter will be reported to the postal authorities. It is also charged that the strikers stoned the company's carriage on Pennsylvania avenue, but did no special damage to the occupants.

A mob surrounded William Jones, a negro, who was mistaken for a non-negro man from the Star works. He had a narrow escape from serious injury and possibly lynching by the appearance of the police.

The strike is now in its third month with few indications of early peace. It has settled down to a question of duration, with both sides making claims of advantages gained. Beginning Monday the Amalgamated association will pay the necessities of needy men, but the first payment will not be made until Sept. 15, when each man will receive \$8 for the two weeks.

It is estimated that from 15,000 to 20,000 men were in the line of the labor parade Monday. The day was generally observed throughout the two cities.

The machinists and repairmen of the foundry at the National Tube works at McKeesport were prevented from working by the strikers gathering about the mill entrance. There were no disorders, but the strikers asserted that if the men returned to work today they will go into the mill and bring them out.

The Scale Signed.

Middlesboro, Ky., Sept. 3.—President Howe, representing the miners and the operators of the Jellico district, have signed a wage scale and minor points of difference have referred to a board of arbitration. Two of the Coal Creek companies signed the same document, all mines in the Jellico district running full time.

No Cordial Welcome.

New York, Sept. 3.—Religious orders quitting France, according to a dispatch to the Times from Paris, are finding less cordial welcome abroad than they anticipated. Belgian bishops are imposing restrictions almost amounting to a veto, and the Italian government talks of taking precautions against the associations. Some of the Swiss canons prohibit foreign communities and Germany threatens to do likewise.

Sheep and Cattlemen at War.

Lander, Wyo., Sept. 3.—Sheep and cattlemen are at war over range matters 10 miles south of here, and unless citizens who have gone to the scene to settle the difficulty arrive there in time there may be bloodshed. It is said that the cattlemen have set apart a certain section and have ordered all sheep away. The sheepmen refused to go.

Drowned in Oil and Water.

Marion, Ind., Sept. 3.—Henry Pingree, aged 28, an oil well pumper, was found dead, lying with his head submerged in oil and water by the side of a large tank in the oil fields south of the city. The theory advanced is that he fell from the tank to the ground and was knocked insensible.

Didn't Know It Was Loaded.

Atlanta, Ga., Sept. 3.—Roy Wilkes, aged 11, accidentally shot and killed his sister, aged 15, at their mother's home in this city. The boy had a parlor rifle in his hands and not knowing it was loaded pulled the trigger, when the rifle was pointing toward his sister.

Will Accept the Offer.

London, Sept. 3.—A dispatch to a news agency from Copenhagen says the new Danish ministry has decided to accept the United States' offer of 16,000,000 kroner for the Danish West Indies.

Robbed by a Masked Cyclist.

Sydney, Sept. 3.—A masked cyclist held up the White Cliffs-Hilaenia mail coach, wounded a passenger, secured the mails and opals valued at \$1400 and escaped.

THOSE OBSERVATION SLEEPERS

run via "THE DENVER ROAD"

from Fort Worth to Colorado Springs every morning are among the handsomest equipment of the Pullman Company. The large Observation Parlor, with spacious windows and movable easy chairs, etc., affords the advantages and comforts of a private car; while the table and service in the Cafe Car in all respects equal the fare of the best hotels and restaurants at corresponding prices. Special satisfaction is expressed by the ladies in the commodious dressing rooms found in our Pullmans, and all our guests appreciate the freedom from carving, superfluous decorations and stuffy plusses, which is a distinctive and welcome feature of the most up-to-date Pullman Sleepers—the kind we have two of each day, run through without change. Our Day Coaches are also of the latest design, elegant in their dignified simplicity, with very comfortable high-back seats, the equal of any similar equipment. No other line operates Cafe Cars from Texas, and no other line runs through trains to Colorado (and our time is far and away the shortest, too); no other line has Observation Sleepers to the Northwest, no other line makes a specialty of Colorado Tourist travel. It is a fact—"You Don't Have to Apologize for Riding on THE DENVER ROAD."
